

Hannover Fair 2011 _ Creative Technologies

An offer for our members

Hannover Fair, from 4-8 April, 2011, is the world's number one networking platform. With its 13 leading trade fairs: Industrial Automation, MDA (Motion, Drive & Automation), Energy, Power Plant Technology, Wind, MobiliTec, Digital Factory, ComVac, Industrial Supply, CoilTechnica, Surface Technology, MicroNanoTec and Research & Technology, it is the world's leading industrial fair. Furthermore, this year for the first time Hannover Fair has opened a new exhibition area, Metropolitan Solutions. Sustainable infrastructure solutions for cities and urban centers in the strategic sectors of energy, water and wastewater, mobility and buildings will be presented. Additional information can be found at: <http://www.hannovermesse.de/de/metropolitansolutions>

The following impressive figures attest to the fair's importance: Over 600 exhibitors from 61 countries will present themselves on an area of 225,000 square meters. 1000 presentation platforms and forums offer the opportunity to engage in conversations and to do business. 4.9 million business contacts speak for themselves.

Hannover Fair is the gateway to international markets. Decision-makers from politics and business from around the world will be on hand. You should be as well! The Partner Country for Hannover Fair 2011 is France. More information can be found at: <http://www.hannovermesse.de/>

We are exclusively offering our members a number of e-tickets for **free admission to Hannover Fair**. These include free use of Hannover's public transport, free access to the Visitor Lounges, a city tour of Hannover, and an information package with interesting tips for leisure activities, culture and dining.

If you are interested in a visit to Hannover Fair, please contact Webmaster Craig Hesser at craig.hesser@geocogen.net. We will send you a link for registration and downloading the free e-tickets in PDF format to be printed out individually.
